ENHANCED EXPERIENCE

IVECO

IVECO S-WAY MY24.

Born and built around you.

Made of steel, our new chrome-plated parts are robust and corrosion-resistant. Available to use from the MY19 onwards, they stick easily to the bodywork using 3M adhesive. The only exceptions are the tubular water tank, the number plate holder and the step cover, which require a different type of mounting.

The new chrome-plated parts are a great way to improve the appearance of your IVECO S-Way, without resorting to permanent or complex modifications.

Pick the perfect accessories to make the road ahead even more of a pleasure with the IVECO S-Way MY24.

Style meets performance.
